

Lednorf's Dilemma  
By David Conn

If you would like to know what really happened in the Disciples of Christ that allowed Jim Jones to gain enormous power in California, you can get a signed copy of LEDNORF'S DILEMMA, a science fiction novel written primarily as a vehicle by which the author, David Conn, can relay the actual events showing the egregious failure of the liberal infested new-age church and the postmodern academic world. DHF members can Email the author at [davcon137@aol.com](mailto:davcon137@aol.com). They should be sure to note in the subject line "DHF member wants a hardbound [or soft cover] of Lednorf's Dilemma."

David Conn will then ship the book to the address noted in the Email. The author's business card will be inserted in the book. Payment does not need to be sent until **after** the book has been received.
