

Third edition of DHF Elder Update is out

DHF's monthly message to elders, "DHF Elder Update," has now gone out three times.

The messages, around five minutes in length, are intended to remind elders of their role in the church and to help them keep a biblical focus. The first three messages were on the topics of leadership, wisdom and authority.

DHF has mailed copies of the messages on CD to a number of congregations, but we keep finding churches that want them and haven't been receiving them. If your congregation wants to receive the Elder Update, please let us know and we will add you to the list.

The messages are also available on the DHF website and can be listened to directly or downloaded for later use. Just go to disciple-heritage.org and click on the "DHF Audio" link. Though the messages are primarily targeted toward elders, anyone is welcome to listen and learn.
