

SUMMER CRUNCH HITS DHF

By Doug Harvey

Like most non-profits, DHF usually struggles with a "summer slump" in giving. We try to prepare for it, but can only do so much. This summer has been a particularly difficult one already, especially as we move toward the DHF National Conference in July.

We don't want to be dramatic, but as I write this our general fund is empty and we have a stack of bills that need attention.

We believe the people of God will be motivated to give to that which God calls into being. Please ask Him if this is a time for a special gift to help DHF through the summer slump.

Thank you.
