

A Note From Joan Bowman

Dear Friends, I received the prayers made for me at conference from Judy Staddan and I am awed and humbled to know how many people pray for me. I especially appreciate prayer against the side effects of chemo, and I haven't had a great deal of problems. Could you somehow send out an email conveying my thanks for the prayer and my love to all? I pray God's blessing on all who pray for me. In Christ, Joan Bowman
