## *Sharing a Touch of God's Grace*

*At Women's Retreats, Conferences & Seminars*

Having a passion to encourage women in their faith during challenging times, Nancy speaks from her heart with genuine warmth, conviction and transparency.

The Lord has given Nancy the victory of His peace and courage over difficult circumstances, and she desires to pass this hope to others.

Nancy is married to Dr. Rick Grace, who is a senior pastor in northwest Arkansas. Rick has served Christian churches for over 30 years. He has been a part of the Disciple Renewal/Disciple Heritage Fellowship movement since the beginning. He has been a frequent keynote speaker at many DHF conferences.

Nancy has continually taught Bible studies over the years and communicates the word of God in a precise, deep, and challenging way. She often meets to disciple women one-on-one. Nancy's heartfelt desire is to help women be overcomers through God's grace. As a seasoned pastor's wife, she can encourage the hearts of pastor's wives, understanding their unique lifestyle and needs. Nancy has been published in *Just Between Us*, a magazine for women with a heart for ministry.

Rick & Nancy have developed a partnership ministry. They have also created their own marriage enrichment seminar to present at couple's events.

### *Here's what others say about Nancy's presentations:*

"Nancy is a delightful, sweet spirited, smart lady who works diligently to bring a message that encourages, equips, and speaks to the audience and their needs." Leann Christy, Mother's Hour Outreach Coordinator, Salina KS

"In her presentation *Discovering Jewels of Faith*, Nancy speaks with humor, balanced with personal insight from her life with a generous sprinkling of verses from Scripture. She appeals to women of all ages and life situations. At our women's event, Nancy convinced us we could go from "diamonds in the rough" to "sparkling women of grace." Karen Fifield, Event Planner First Christian Church, Beloit, KS

"*Lessons from a Quilt*" is a spiritually moving rendition of how Nancy learned the value of patience while learning to make a quilt. I highly recommend Nancy as a speaker who can inspire other women in their search for a closer relationship with the Lord." Nancy Smith, Banquet Planner, Macksville Christian Church, Macksville, KS
